

Můj první a jediný tým AAI zvolený v Syrakusích, Sicílie 2004

Vítr a má žena mne zavály v roce 2004 na kongres AAI do Syrakus na Sicílii. AAI byla tehdy skoro v troskách a uvažovalo se o jejím rozpuštění. Jako aktivnímu členu AAI mi to bylo nesmírně léto a vystoupil jsme s emotivním projevem na místní radnice, kde se kongres konal. Nevím, zda jsem zapůsobil. Přesvědčil jsem však hlavní odpůrce, abychom AAI revitalizovali tím najdeme její identitu pro 21. století. Stalo se. AAI vydrželo a mne účastníci zvolili prezidentem této slovutné organizace, která spatřilo světlo světa v roce 1986 v budapešti. AAI, i když se zbavila "I" v názvu vydržela a coby neaktiovní člen musím konstatovat, že jsme udělali dobře. NASTUPUJÍCÍ ALUMNISTY MYŠLENKA CHYTILA A POSLEDNÍ AKCE V BLANSKU JE TOHO DŮKAZEM ...

Upřesňuji, že v přehledu podbenek chybí Němec Florian, žijící ve Švýcarsku, který byl též v prvním roce členem týmu. Měl na starosti IT. Po jeho odchodu si vzal tuto problematiku na starost viceprezident Jochen.
