## Wein... Aged to Perfection

Early German settlers planted a vineyard on an ancient stand of native mustang grapes, crafting a fruitful economy. Here, wines are aged the old fashioned way, in oak barrels or stainless steel tanks. From Chardonnays and Merlots, to Sauvignons and Blancs. Oh, be sure to visit the tasting room on Main Street and the huge copper vats at the largest brew pub in the area. Winemakers toast the fruits of their labor.

Many wineries are located in the outskirts of town, including the largest underground cellar in Texas.
